

## **Got music? We'd like to hear it!**

Access Music is continually seeking great new music and we'd like to hear if you've "got what it takes".

### **HERE'S WHAT WILL GET YOU HEARD:**

- 1) Your music must be original and sample-free. We'll say this again because its really important - sample free!
- 2) We are only looking for Hip-Hop, Rap, R&B, Rock, Pop, Jazz, Dance/Electronica. We are not currently representing other styles.
- 3) Your music must be master quality. What does that mean? Well, first of all - it means CDs only. (Cassettes will be disposed of.) Second, it means it's got to be a clean, well-produced recording. While we'd love to lay back and critique songs all day, demo's simply cannot be used in film or television productions so please, please only send your stuff if it's master quality.
- 4) Include all pertinent info on your submissions including, writers, artists, contact information, performance rights organization (ASCAP, BMI etc.). Oh yeah, and if you're not yet a member of ASCAP, BMI or any other PRO, become one now! It's really easy. Just log on to their web site and follow the instructions on how to join.

Okay, if you made it this far you can fill out the submission form below and send us your CD. CDs will not be returned and it may take us a while to get to it so please be patient. Believe me, if you've got what we want, we'll contact you.

Thanks

Access Music

Complete the following form, and return with your CD, to  
Access Music  
Attn: Submissions Dept.  
218 El Prado  
San Rafael, CA 94903

**For each CD, please complete the following:**
